Lonikand, Pune - 412216

Department of Artificial Intelligence & Data Science Engineering

Reference Nr: SRCOE/AI&DS/2022-23/

Date:26/04/2023

### Report of an Event

- Title of Event: Six Days Workshop on Robotics Process Automation(RPA)-UIPATH.
- Date: 17/04/2023 to 24/04/2023.
- Place of Event: Seminar Hall, Alibagh, Al&DS Dept
- Name of Organizer: SHREE RAMCHANDRA COLLEGE OF ENGINEERING, AI&DS Dept.

### Objective of Event:

- Robotic process automation or RPA handles repetitive business processes using software robots to perform tasks, parse, and trigger error-free responses
- The UiPath is a robotic process automation tool for large-scale end-to-end automation. For an
  accelerated business change, it provides solutions for businesses to automate routine office
  activities. It uses a variety of methods to transform tedious tasks into automated processes.
  The connecting metalled road is under the Dept. of Lighthouses & Lightships. The lighthouse tower
  has been constructed on the slopes of Korlai hill. On the summit exists the Korlai fort built by
  Portuguese in 16th Century.

#### Conclusion Remarks:

UiPath Robot is the execution host that runs processes designed in UiPath Studio. In Orchestrator, the robot object represents the image of the UiPath Robot and helps define its capabilities and access to Orchestrator resources.

❖ Name of Speaker: Mrs. Vaishali Suryavanshi-Mahajan

**Objective of Event**: To understand the basics of python programming and develop Python

Programs for civil engineering problems

### > Topics Covered:

- Introduction to Python: its programming cycle python interpreter and interactive mode, introduction of python integrated development environment (IDE), variables and identifiers, arithmetic operators, values and types, statements, operators, boolean values, operator precedence, expression, conditionals: if else constructions. Loops: purpose and working of loops, do-while loop, for loop, nested loops, break and continue.
- Function: parts of a function, execution of a function, keyword and default arguments, scope rules. Strings: length of the string and perform concatenation and repeat operations in it, indexing and slicing of strings, python data structure: tuples, unpacking sequences, lists, mutable sequences, list comprehension, sets. Dictionaries higher order functions: treat functions as first class objects, lambda expressions, introduction to python related libraries like NumPy, Matplotlib, seaborn and applications Keras and Tensor Flow
- > **Detailed Summary:** Python is the most popular programming language in data science.

Some of the applications of data science in civil engineering like Population Forecasting for urban planning, water supply & sewerage system. Risk Assessment and mitigation such as prediction of floods, earthquakes, cyclones, etc. however python is considered as one of the most important tool in the Modern civil engineering construction works. Programming skills provide Engineers with an opportunity to integrate innovative technologies into their

Everyday work and make it more efficient. Even knowledge of programming language or understanding of how to work with data can give engineers a Significant advantage in their work.

Subject: - Invitation for conducting workshop on Python for SE students of our institute organized on 18/04/2023.

Hello sir /madam,

Greetings of the day.

We are happy to inform you that we are ready to conduct a Training session in our Organization. This session is conducted for all second Year Students .we want a flow of training like this.

Start date -18/04/2023

Total Period of Training -8 Days (32 hours)

Timings-11-30am to 1.30pm (1st session)

1.30pm-2.00pm (lunch break)

2pm to 4 pm (2nd session)

18th April to 27th April (as there is 2 days of holiday sat, sun) If there is any other Holiday training will be extended.

We want daily 4 hour training (theory +practical).

Please cover all the topics with Practical.PFA (Course Contents)

Group wise small Project expected from the student at the end of Training.

After the completion of the course, provide the certificate to students.

Amount Sanctioned -40,000

The 1st check of 20,000 will be released at the middle of the training session.

The 2nd Check will be released at the last date of the session.

Looking forward to the fruitful session and we hope that our students will benefit.

With warm regards.

Yours Sincerely,

### Report of a workshop on Python

Title of Event: "Workshop on Python"

Date: 18/04/2023

Time: 11:30 AM to 04:00 PM

- Platform Name of Event: Seminar Hall ,Computer Department ,First Floor , Shree Ramchandra College of Engineering, Lonikand, Pune.
- Name of Organizer: Department of Computer Engineering, Shree Ramchandra College of Engineering, Lonikand, Pune.
- Name of Speaker: Mr.Pramod Jadhav, Trinity Academy of Engg., Kondhwa, Pune.
- Objective of Event: The Vision of this workshop aims to develop students with well rounded personality, flexible enough to adjust in the changing needs of time for global competitiveness and equip them with knowledge &skills in updated computer language
- Topics Covered: The topics covered in the session were Algorithmic Problem Solving, Data, Expressions, Statements, Control Flow, Functions, Lists, Tuples, Dictionaries, Files, Modules and Packages.
- ❖ Detailed Summary:

Department of Computer Engineering, Shree Ramchandra College of Engineering, Lonikand, Pune had organized a workshop on Python, on Tuesday, 18 April 2023 to 27 April 2023 from 11.30 AM to 04.00 PM. The workshop was organized for the SE students in the morning 11.30 a.m. Nearly 78 students participated in the lecture. The workshop successfully came to an end by 04.00 p.m, many students came forward with questions and clarified their doubts. The students thanked the management for arranging this workshop. The vote of thanks was given by Prof. Komal Yadav.

❖ Conclusion Remarks: Workshop suggests ways to enhance the value of Python with Machine Learning, and working Knowledge of Programming skills and python.

Dear Sir

We wish to thank your kind self for delivering with dedication of workshop on Python organized on 18/04/2023 to 27/04/2023 @11.30 AM to 04.00 PM. We really appreciate your engagement in tutoring our SE students as your contribution is invaluable. We value our association with you and we look forward to our ongoing involvement in academic matters and sharing the good times ahead.

I thank you once again for your cooperation.
