**SHREE RAMCHANDRA COLLEGE OF ENGINEERING**  
Lonikand, Pune – 412216

**4.4.2: There are established systems and procedures for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc.**

**Physical facilities :-** The institute has sufficient built-up area/buildings, comprising of class rooms, well equipped laboratories, work shop, seminar halls, drawing hall, tutorial rooms, computing centre, language lab ,a rich and resourceful library, reading room ,computers, plotters ,printers, LCD projectors, application and system software are available in adequate numbers as per AICTE /MSBTE /DTE/ Affiliating –University norms etc.

The institute is having its boys and girls hostels ,mess ,indoor and outdoor game facilities, fleet of buses (own –transport) ,roof –top solar plant (25kW and in addition 50 kW being installed currently), biogas plant and R.O. plant for water purification. The generator and UPS back- up, lifts, ramps, and WCs, boys and girls common rooms are also available. for maintenance of facilities in house/external help is taken.

**Academic facilities:** - The classrooms, seminar halls well equipped laboratories with enough seating capacity and LCD projectors and internet connection are available.

**Maintenance of library facilities:-**The books and journals are maintained against disfiguring. Stock verification is done as a part of regular monitoring and control. The College has constituted Library Committee which takes care of smooth functioning of library activities. Pest control has been done in library to maintain safety of books from termites. Fire extinguishers are provided in the library and a safe access to main road is available.

**Classroom facilities:** - Classroom ambience is maintained by daily cleaning the floors, black boards and occasionally cleaning benches. Electrical equipments like lights, fans, switchboards, LCD, ceiling, working kit etc. are under regular observation and maintained as per requirements.

**Sports facilities:** - Gymkhana committee is constituted which manages and organizes the various sports events within the campus and outside the campus. The maintenance of sports facilities, gymkhana facilities etc. is done, with the help of our workshop and other staff, be it a civil, mechanical, electrical maintenance etc. At the times help of other agency is taken to keep the equipments in up to date condition. Rollers, sprinklers etc. are available which helps to maintain the playgrounds. For various sports events, viz. cricket, football, khokho, vollyball etc. a budgetary provision is made available for the same and expenses are done.
