"NSS Camp at Bakorigaon Village (Village adoption Program)"

NSS Stands for National Service Scheme. The main objective of the National Service Scheme as envisaged originally was service to the community, offered while undergoing instruction, in an educational institution. It was sought to arouse the social consciousness of students and provide them with the opportunity to work with the people around the educational campuses creatively and constructively and to put the education they received to concrete social use. It has been felt that the primary aim of the scheme is to enable the students to upgrade their personality and experience through community service.

The motto, i.e., the watchword of the NSS is "Not Me But You". This expresses the essence of democratic living and upholds the need for selfless service and appreciation of the other man's point of view and also to show consideration for fellow human beings. Detailed Summary:-

The National Service Scheme (NSS) is a public service program conducted by the Ministry of Youth Affairs and Sports. Every year, NSS day is observed on September 24th across India. The National Service Scheme was launched in 1969, the Birth centenary year of Mahatma Gandhi in 37 Universities involving 40,000 students. It has now been extended to all the states and Universities of the country. In the year 1952, the government emphasized the requirement of social and labor service by Indian students for a year. It aims to provide hands-on experience to young students in delivering community service. Since the formation of NSS in 1969, the number of students has increased from 40,000 to over 3.8 million up to the end of March 2018.

We started with a online meeting with Program Coordinator, Program Officers and the freshers who joined the NSS recently. They explained about the NSS, its activities, its motto etc. and created awareness to freshers. At last we exposed our NSS units work in the form videos and achievements in the following years. For this academic year the Program coordinator announced the core team who need to lead the units there and plan activities and organize them.
