Subject: - Invitation for conducting 6 days Workshop on " C & C++" for students of our institute organized 20/11/2023 to 25/11/2023 @ 11:20 AM to 01:20 PM.

Dear Sir,

We are one of the reputed institutes offering various technical Diploma, Degree and Post Graduate courses approved by AICTE Delhi, Government of Maharashtra, Directorate of Technical Education Mumbai, Maharashtra State Board of Technical Education, and affiliated to University of Pune.

It gives us immense pleasure to invite you for guiding our UG students' on C & C++. We are sure that your demo will benefit our students immensely. We here by request you to please accept our invitation and conduct the said Programme on 20/11/2023 to 25/11/2023 @ 11:20 AM to 01:20 PM. We look forward to a positive response and confirmation at the earlier.

Time : - 11.20 AM
Venue : - Seminar Hall, Computer Department, First Floor

Thanking you.

With warm regards,
Yours Sincerely,

- **Place of Event:**AI&DS Department, SRCOE
- **Name of Speaker:**Mr.Trivikrama
- **Name of Organizer:**Shree Ramchandra College Of Engineering,Pune,AI&DS Dept.
- **Objective of Event:**

- AI models rely on computer vision, natural language processing, and Machine Learning to recognize different patterns. AI models also use decision-making algorithms to learn from their training, collect and review data points, and ultimately apply their learning to achieve their predefined goals.
- **Steps in order to create an AI model:**

a) Define the problem.
b) Gather and preprocess data.
c) Select the appropriate algorithm.
d) Train the model.
e) Evaluate and fine-tune the model.
f) Test the model.
g) Deploy the model.
h) Monitor and maintain the mode.

- **Conclusion Remarks:**

AI technologies, such as robotics and automation, are transforming traditional manufacturing processes. AI-powered robots can perform complex tasks with precision, speed, and consistency, resulting in increased productivity and reduced errors.

- **Faculty Accompanied:** Prof.Trupti Farande & Prof.Tejaswi Hude
- **Name of Organizer:** Shree Ramchandra College Of Engineering, Pune, AI&DS Department.
- **Objectives Of The Visit :**
  - To familiarize students with the real-world applications of IT and its various domains.
  - To provide insights into the day-to-day operations and work environment of an IT company.
  - To understand the role of technology in solving complex business challenges.
  - To gain knowledge about the latest trends and technologies in the IT industry.
  - To interact with industry professionals and learn from their experiences.
- **Activities & Observations:**

1. **Welcome and Introduction:**
   The visit began with a warm welcome by the Radiant Services HR team.
2. **Presentations and Discussions:**
   Radiant representatives conducted informative presentations on various aspects of the company's operations, including software development methodologies, project t management techniques, quality assurance processes, and cyber security measures.
3. **Q&A Session:**

➢ Key Learnings:

The industrial visit to Radiant services provided the following key learnings for the AI&DS Engineering students.

1. **Industry trends & technologies:**
   The students gained insights into the latest trends and technologies shaping the IT industry, which will help them stay updated and relevant in their future careers.
2. **Work environment & professionalism:**
   Observing the work environment at Radiant services, the students learned about the importance of professionalism, collaboration, and continuous learning in the IT industry.
3. **Career opportunities:**
   Interacting with industry professionals broadened the students' understanding of the diverse career paths available in AI&DS Engineering. They gained insights into different roles and responsibilities and the skills required to excel in their chosen fields.

➢ Conclusion Remarks:

The industrial visits are important because it gives first-hand experience of the work atmosphere in an industry. Students can witness live events and activities in a business space through industrial visits. Reduces the Learning Gap A brick-and-mortar type of learning can offer only limited knowledge to students.

Report of an Event

- **Title of Event:-** Online Guest Lecture on "How To Preapare For SIH,BE Projects & Paper Publications".
- **Date:** 31/10/23
- **Time:** 2.00 p.m. to 4:30 p.m.
- **Place of Event:** Google meet link-meet.google.com/umh-mtiz-tvk.
- **Name of Speaker**: Vikram Abhang (SPOC SIH, AVCOE, Sangamner)
- **Name of Organizer:** Shree Ramchandra College Of Engineering, AI&DS Dept.
- **Objective of Event:**
  - Smart India Hackathon is a national level competition where you get a chance to showcase your skills. But it's not that easy, you need to be very clear with what you're going to provide as solution. I won Smart India Hackathon 2020, software edition.
  - SIH 2023 brings the next generation evolution by inclusion of new methodology to inculcate the culture of startup and innovation ecosystem across different age groups.
- **Conclusion Remark:**

  Regular Students of HEI's pursuing "Graduate/Post-Graduate/Ph.D" will be able to showcase their talent and generate out-of-the-box open innovation ideas
